SUMMARY

Front-End Web Developer with experience in psychology and banking. Earned a certificate in Full Stack Development from Rutgers University. Ability to communicate well in a team environment during the development of applications.

TECHNICAL SKILLS

HTML5, CSS3, JavaScript, jQuery, Node.js, Axios, Express, JSON, Responsive Design, Bootstrap, Bulma, APIs, Heroku, Git, User Authentication, React.js, MySQL, Handlebars.js, Sequelize, MongoDB, MERN Stack

PROJECTS

Feelings Journal | <https://github.com/CassidyGrom/flogger> | <https://emotions-log.herokuapp.com/>

- Online diary that allows a user to journal their day and choose emotions to reflect on how they are feeling. The entries can be saved to reflect upon at a later date.
- Project was completed with co-author Cassidy Grom. We worked as a team to complete the MERN stack application.
- HTML5, CSS3, Bootstrap, React-Bootstrap, React.js, MondoDB, Heroku, Axios, Express, Moment.js, React-router-dom, react-router-transition, Adobe Typekit Fonts, JSON web tokens, Bcrypt, Node.js, JavaScript

Bookfinder App | <https://github.com/Riaconianni/Bookfinder> | <https://quiet-basin-62546.herokuapp.com/>

- Back-end application that allows an user to login, add, delete, and look at books the user has added. Login information to access application:
 - Username: iaconiannir@gmail.com | Password: 12345
- Project was completed with co-authors Evan Stein, Joseph Puerari, and Lili Gugushvili. I added the connection, middleware, and authentication for the app. I also helped with debugging and keeping communication strong with the team.
- HTML5, CSS3, Bootstrap, MySQL, Sequelize, Heroku, Axios, Express, JSON web tokens, Bcrypt, Node.js, JavaScript

Recipe Generator | <https://github.com/CassidyGrom/recipeGenerator> | <https://cassidygrom.github.io/recipeGenerator/index.html>

- Front-end application in which a user can type in ingredients to receive a list of meal ideas. The user can add the recipes to a dashboard to save for later and look for a grocery store in the store locator if they need more ingredients.
- Project was completed with co-authors Cassidy Grom and Alyssa Tung. I was responsible for the map locator, the navigation bar, and coming up with which APIs we were going to use for the project.
- HTML5, CSS3, Bulma, Recipe Puppy API, Mapbox API, Font Awesome, JavaScript

EXPERIENCE

Program Analyst
Enroute Computer Solutions

2019 – Present
Atlantic City, NJ

- Provide support for the Configuration Management team as part of the Mission Support team for En Route and Oceanic Second Level Engineering Group.

- Open, update, close, post, and perform quality checks for System Support Directives. Send release notifications to Air Traffic Control Centers, Remote Sites, Second Level Engineering Group, and System Contract Support.
- Submit updated and approved baseline documentation to the Federal Aviation Administration Air Traffic Control Command Center.

Key Accomplishments:

- Received recognition for making a seamless transition from on-site work to remote work by using my technical skills, adaptability, and creative thinking during the Covid-19 pandemic.

Personal Banker

2017 – 2019

Univest Bank and Trust Co.

Ocean City, NJ

- Help clients in a polite, efficient manner while creating and building relationships.
- Sell banking products to benefit the clients needs (e.g., checking accounts, savings accounts, certificates of deposit, credit cards, home equity loans, insurance, and etc.).
- Handle sensitive personal and institutional information.
- Use Salesforce, a customer relationship management cloud system, to track needs of clients as well as products sold.

Key Accomplishments:

- Completed Skill Builder Certificate and Supervisory Certificate from Univest University.

Board Member - Secretary

2017 – Present

Big Brothers Big Sisters of Atlantic and Cape May Counties

Northfield, NJ
